## HE'S GERARD DEP-ART—DO

● "Green Card" star  
**Gerard Depardieu**

put \$25,000 on his credit card  
for art's sake. The French actor,  
who's reportedly worth \$120 mil-  
lion, just purchased a piece from  
French artist **Maryam Alakbarli**  
through gallerist **Stéphane de Boys-  
son. Michael Douglas, John Travolta**  
and **Juliette Binoche** are all supporters of Alakbarli,  
who lives with Down syndrome. Maryam's work will  
show at Aqua Art Miami, which opens on Dec. 6.
